

HOW TO MAKE YOUR DREAMS COME TRUE May 28, 2022 | 5:00pm Queens University's Sandra Levine Theatre | Charlotte, NC Dear Family & Friends,

We are blessed and honored to welcome each of you to our 2022 recital showcase!

A period of 10 years has passed since Havilah Dance Company first opened its doors, on the wintry Saturday afternoon of January 7th, 2012. Celebrating this 10-year anniversary milestone is very special to us. Only about a third of small businesses survive to see their 10th year. Over the past 10 years, our organization has grown and changed so much, but one thing is certain: our mission to impact the lives of the next generation of creative leaders has remained the same. We have worked very hard to be here, and we see this as a celebration for all of those who have been a part of Havilah Dance Company up to this point.

So many special and unforgettable people have divinely crossed our paths over the years who have helped to usher this organization to where it is today. Many of you are still actively involved in our lives, and we are so grateful for your continued friendship and support. Others we do not see as often, but regardless of the time that has passed we are so grateful for the faith that you placed in us during a season as we grew and learned. It is for each of you that we have worked hard to continually improve, so that each dance season can be even better than the last. To our alumni and their family, thank you for being a part of the success of our organization over the years. We appreciate and greatly value everything that you have contributed to the Havilah Dance Company team and culture.

The achievement of any organization is the result of the combined efforts of every individual. Through each instructor's hard work and creativity, along with each student's consistent effort and talent, and through each parent's trust and support, we have been able to achieve more than we thought possible. Beyond anything, we are thankful to the Lord for guiding us and blessing us with continued opportunities to lead and to be used in the ways He sees fit.

This season we have watched our students develop in both their craft and character in remarkable ways. We are so very proud of their hard work and commitment! Each student at Havilah Dance Company has such a huge piece of our hearts, and we believe each wonderful child is here because they are part of a special purpose - if only for a season or for their entire dance journey.

Thank you to the wonderful parents and family members who work together to make this dream a reality for their dancers. Prop dads and moms you are SO appreciated. Costume helpers and studio cleaners and volunteers, we could NOT do this without you! Moms who give up their weekends for 6:30am call times and Dads who leave work early to get their dancer to the studio on time, and everything in between – THANK YOU! You sacrifice so much in order for your childs' passion to continue to grow!

On behalf of Havilah Dance Co., we are very excited to share this day with you! It is the culmination of a year's worth of hard work for our staff and students, and we wait with expectant hearts for the curtains to open once again! To all of our amazing students, whether this is your first recital and your heart is racing, or your very last recital met with bittersweet tears – we are here with you! Take the stage with confidence, grace, and poise and know that you have your HDC family standing behind you all the way. This is your moment, and you are breathtaking.

With all of our love - Mins Brooke, Mins Brittany, and the HHC Staff

GOOD LUCK GOOD LUCK **GOOD LUCK** GOOD LUCK GOOD LUCK GOOD LUCK GOOD LUCK

Seniors,

What a difficult thing it is to lose all nine of you at once; our largest graduating class ever. Each of you is beyond precious to us and holds an irreplaceable spot in our hearts, and in the hearts of all of us at HDC. As we reflect on our experiences together, it is difficult to find words that could describe how much it means to us to stand with you on a recital stage as you take this final bow. You have persevered during such a unique and challenging time in our history. Our prayer is that your time at HDC will have been a bright spot for you on this journey.

As tradition mandates, we must remind you that you are now counted among a rare set of individuals who stuck it out when others gave up. You may have wanted to quit - but you didn't. At the end of the day, that is truly all that matters. As you finish this leg of the race, remember it is about the journey - the process along the way that leads you; not the destination. You have shown that you love the process even when it is hard or doesn't make sense. We admire you!

During this time of so many 'lasts', remember the end of one journey is only the beginning of the next. Allow the time we have shared together to propel you forward into a future more exciting than you could ever imagine. Of course there will be struggles and challenges along the way and it won't always be easy, but in dance as in life...it will be WORTH IT. We will always pray for each of you and we will forever believe in your potential to impact the world around you for good. You are each world changers and we can't wait to see how your future takes shape in the years to come.

As memories flash across our minds of EACH of you, and we look back on individual moments that shaped our futures, we understand that we have bonds with one another that can never be severed. You have each changed our lives in more ways than you could know, and we want you to know how truly valued and loved each of you are. With prayer and gratitude, we send you out into the next exciting chapter of your lives! May the Lord bless you and keep you, and guide you as you embark on what lies ahead!

we love you.

ANNA KATE CROTTS

Anna Kate is graduating from Carmel Christian School where she has been an active member of Movement 149 Dance Company, Student Government, Mission and Service Opportunities, Beta Club, and National Honor Society. She will attend the University of Tennessee in the fall to study Kinesiology. Anna Kate plans to go on to graduate school for Physical Therapy and her dream career is to align her love of dance and movement by providing PT services to dancers and athletes. Anna Kate has been dancing for 15 years and has been blessed to perform with both competitive and classical companies. Anna Kate's favorite styles to perform are lyrical and contemporary; however, she has enjoyed growing in a variety of styles during her years at HDC. Additionally, for the last two years, she has assisted with the HDC Teenies and has loved investing in these younger students.

My experience at HDC has truly been unlike anything else in my life. From the bottom of my heart, THANK YOU to all of my HDC teachers and staff for your investment in my learning and growth as a dancer. I would like to especially thank Ms. Brooke and Ms. Brittany. Thank you for helping to shape me into the young woman I am today. I am truly so grateful to the Lord for placing the two of you in my life and for the impact you have made not only on the dance floor, but also in my life. A big thank you to my family for always supporting me in my craft and for celebrating my successes; you mean the world to me. To my HDC family, I will miss you more than you know next year; the laughter, tears, and joyful moments that have taken place in this studio will forever be some of my favorite memories. Thank you to my teammates for inspiring me daily and for making these final years so memorable. I love you all so much! HDC has such a positive and nurturing environment to learn in, I encourage you to embrace it each day, it truly does go by so quickly! Finally, enjoy every moment of growing in your passion, always remembering your love for this art form."

Anna Kate

SYDNEY ELAINE KOELZ

Sydney Elaine Koelz is a senior graduating from Butler High School and will be attending the University of North Carolina at Wilmington in the fall. She plans as of now to Study business and in the future own a business of her own. She has been dancing for 11 years, 5 of those at Havilah. Her favorite thing about dance has been being able to express her feelings and emotions through her performances.

I am so blessed to have my HDC family, this studio has truly changed my life. With that being said never take all the amazing opportunities we are given for granted, because it really does fly by. For all graduates this year going through this big transition remember "Trust in the Lord forever, for the Lord God is an everlasting rock" Isaiah 26:4. I love you all!"

Sydney

ERICA JALIA SMITH

Erica Jalia Smith is graduating from David W. Butler High School and will be attending Shaw University, Raleigh, majoring in Business in the fall of 2022. Erica loves listening to music and dancing. She started dancing at the age of three and hasn't missed a beat since. She loves all styles of dance but really has a passion for Contemporary, Tap, and Hip Hop.

I want to thank my HDC family and all the staff and teachers. I would also like to give a special thank you to Treshawn Brown for always believing in me and pushing me to be the dancer I am today. I would not be the dancer that I am today without all of you.

To all the younger dancers, "Enjoy every 8-count and soak in all that you are taught."

I love you ALL!!!

Srica

HANNAH SUE PORTER

Hannah will be graduating from Piedmont High School. She will be attending UNC Charlotte in the fall and will study there for 2 years and then transfer to NC State to study in the veterinary program. She has always enjoyed animals and has said from a very young age that she wanted to be a veterinarian. She has danced for 15 years. Lyrical and contemporary have always been her passion, but she enjoys all styles of dance.

To those graduating next year and the years to come, make sure to always cherish the moments you have in the studio because they will fly by before you even realize it. Thank you to the HDC staff and family for making Havilah such a welcoming and amazing studio!"

Hannah

MAKAYLA LANG

Makayla is graduating from Abeka Accredited Academy. After achieving an Associates in Science at CPCC, she will be attending UNC Charlotte to double major in Biology and Dance. There was never a specific moment where she fell in love with the art of dance, as she has been dancing ever since she was able to walk (the many home videos prove that). Dancing is one of the things she was created to do, and cannot wait to begin the next chapter of auditioning, performing, and teaching. If you asked her what her favorite style is, she wouldn't be able to choose between hip hop, modern, and tap.

The past years at Havilah have been a catalyst for me as a dancer, and I would like to thank all the teachers for pushing me past my limits and expanding my creative abilities.

To my team, I LOVE hyping you all up while you're dancing - I've literally lost my voice doing so. Since I'm not gonna be the Havilah hype woman forever, I just wanna say one last thing: Push HARD towards your dreams, and NEVER give up no matter how unachievable they may seem. Seriously you guys, don't settle for less because you CAN do it! Your dreams are in your heart for a reason. Whatever you decide to do in life, trust God with it, commit yourself to it, excel at it, and have fun doing it. YA'LL GOT THIS!"

Makayla

KARSEN GRESHAM

Karsen Gresham is graduating from Hopewell High School and Central Piedmont Community College with an Associate Degree in Biological Science. Karsen was admitted into the Juilliard School but will be joining the Second Company at Charlotte Ballet in the fall to start her professional career. She has been dancing for 16 years and started with Ms. Brittany at the age of 6. Karsen loves all styles of dance but Ballet and Jazz are her favorite.

"I would like to thank my teachers, friends, and family for all the support throughout the years. I love the HDC family so much and I am so blessed to have been in such a fun, kind, dedicated, and inspirational atmosphere growing up. The time really does fly, so enjoy every moment with each other. I love you all deeply and I would not be where I am today without you!"

Karsen

ZORIA RAE'NICOLE SHIVERS

Zoria Rae'Nicole is a graduating senior from Indian Land High School, where she was the captain of the dance team. She will be attending Limestone University where she plans to major in Biology in their Pre-dental program. After completing Limestone her plans are to attend Charleston Southern University where she will study to become an Orthodontist. Zoria developed an interest in dance when she was 5 years old. However, after relocating from St. Louis, she did not have an opportunity to dance, due to struggles of finding the right dance home. This would change when she moved to Charlotte, North Carolina where she began dancing again at the age of 7. It would take several years before Zoria would find what she felt was home once she made the Company Dance Team at Havilah, which has provided her the tools to continue her dancing interests on the Limestone Dance Team.

HARLEY SHU LIAN TILQUE

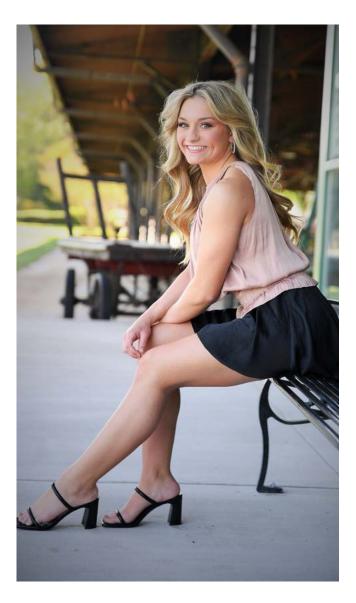

Harley Tilque is graduating from Statesville High school and will be attending the University of Alabama to study Kinesiology. Earlier in this month, she was selected to be a part of their dance team. Harley has been dancing for the past 11 years and loves traveling to competitions to compete with her friends.

I want to thank the entire HDC family for always supporting me and pushing me to be my best. You all inspire me so much in each and every moment. My past 2 years have been so amazing with all my teachers and teammates. My advice is, don't take a day in the studio for granted because before you know it will be over."

Harley

BRINLEY MINEROLDI

Brinley is a 2022 graduate of Mooresville High School where she graduated with honors in the top five percent of her class. Brinley led her high school community as the Communications Officer for the Student Government Association, she was the Mooresville Varsity Cheerleading team captain, a Fellowship of Christian Athletes speaker, a National Honor Society member ,and a volunteer mentor for learning lab students with special needs.

This fall, Brinley plans to attend the University of South Carolina where you will find her cheering on the Gamecocks as a "Carolina Girl" dance team member. She plans to major in nursing and one day hopes to become a Nurse Practitioner, specializing in geriatric care.

Brinley has always found a special joy in dance, attending her first dance class at just 19 months old. Dance truly is her passion and no matter the style, she is able to portray her story and release her emotions to any audience.

Brinley is extremely grateful for her time spent at Havilah Dance Company and has found a loving family in her dance friends. Although she feels sad as the seniors move forward in separate directions, she is excited to see what the future has in store for everyone's individual journey.

NICOLE AMOROCHO

"I am currently attending High Point University and I am loving every second of it. I am still an undeclared major, but I am leaning towards double majoring in dance, business administration, journalism, or strategic communications. I have been heavily involved in the dance company here at HPU and have performed in four different shows! I am also on the Club Ballroom Team! I have had two on campus jobs which include event ushering and being on the Roar Corp Spirit Team for basketball games. I've had a blast my freshmen year at HPU and I cannot wait to see what the future holds!"

NICOLE BAILEY

"Since graduating high school and HDC in 2020, I have been a full time student at UNC-Charlotte working towards a career in nursing! I have enjoyed every step of this journey, but I sure do miss my HDC family and spending countless hours with everyone in the studio. I'm so blessed to have been a part of such an incredible dance family! #HDCforever"

SHANIAH BROWN

"I'm currently 20 years old with a family of my own, I have a 5 month old baby girl named Lyric and a husband. I just recently got back into dancing and being in the professional industry, I'm a great cook and gym babe! I'll also be releasing a book this summer titled "Sincerely, Queen." Oh, and I'm officially a part of the loc'd hair community!"

Do you have a wish that feels like it comes from the depths of your heart? Do you have a hope or a longing that your mind just can't stop thinking about? If you do, then congratulations! You just might have a dream on your hands.

Did you know that your dreams are linked to your mission here on earth, and your unique calling in life? Each person in the world has been gifted with their own set of dreams and talents, and each individual has the ability deep inside to pursue those passions. The seeds of our dreams have been sown in our hearts and minds, and it is our job to help them grow. When we develop our gifts and talents, we are watering those little seeds and growing roots.

Maybe you already know exactly what you are inspired to do, be, or create! Maybe you are already diligently pursuing your passions! But if it has been a while since you allowed yourself to dream, or if your exact dream is not quite clear, then a great place to start is by asking yourself this question: 'what would you do, if you knew you couldn't fail?'

In honor of Havilah Dance Company's 10th annual recital, and a decade of dreaming, we invite you to join us on a journey to uncover 'how to make your dreams come true". While there is no straight-forward system, many people who achieve great things have followed a similar process. Each step we will describe tonight, is a powerful key on the path to success. As you follow along, we hope to ignite new ideas and awaken forgotten passions in the same way that you have inspired us along our journey over the past 10 years.

actone: DREAM IT!

Everything begins in the heart and mind. Dreams are personal and unique to each of us. No dream is too big, and no dream is too small. When people say 'Dream Big', they simply mean that you should feel free to think about what YOU want to do, create, or be, without worrying about all the reasons you can't make it a reality. Dreaming BIG means that you should consider what feels impossible and stretch your mind to imagine 'what if...?', no matter how difficult your goal may seem to you.

As you dream your big dreams, trust God for their reality. Don't just 'follow your heart' without making sure you have the right things in there! Otherwise, where might you end up? When considering your dreams, remember not to compare them to others. Don't let the success or failure of another person define your limits, and certainly don't let the negative thoughts or opinions of others keep you from going for your dream!

Isabella Daughtry, La'Mia Patton, Saraya Smith, Allyson Staton

Once you have dared to dream, the next step is to believe that it is possible for you to achieve. Having a dream inspires us to set goals. Having goals helps us to create new behaviors, and to align our focus to what we want to accomplish. By setting achievable goals, we can break down a very big and challenging dream into smaller steps that seem much more manageable and within our reach. Think about your dream each day and choose to believe that it is already in the works. Have faith that the dream created in you has a purpose, and with certain action-steps, over time, you can work to make your dream a reality!

You might only start with the belief you have in yourself, or you may be lucky enough to have the support of your family or a few friends early on. In fact, it is very common to experience minimal support from others and even rejection and failure before achieving ultimate success.

Walt Disney was fired from the Kansas City Star newspaper in 1919 because, his editor said, he "lacked imagination and had no good ideas." JK Rowling's famous book series 'Harry Potter' was rejected 12 different times before finally being accepted by a publishing company. Oprah Winfrey was fired from her first TV job as an anchor in Baltimore. Michael Jordan famously said: "I have missed more than 9,000 shots in my career. I have lost almost 300 games. On 26 occasions I have been entrusted to take the game winning shot, and I missed. I have failed over and over and over again in my life. And that is why I succeed."

Some people may tell you no, and others may think you will fail, but keep believing in yourself anyway. You are the key to your own success.

act three: SEE & SHARE II. The status themselves at the finisl

Great achievers have a special ability. They're able to 'see' things. They picture themselves at the finish line of the race or receiving the 1st place trophy! More than that, they have the ability to get very specific and can visualize the completion of their dreams in great detail. They visualize themselves living in the dorm-room at their top-choice college, preparing for stage at the New York City Ballet, or turning the key to their brand-new office building. Whatever your dream, visualizing its fruition is extremely important to the process. In a sense, you must 'see' it to 'be' it. This step trains the mind to control the body to carry out your dream!

Sharing your dream, when the time is right, is also just as important as visualizing it. One reason that many dreams never get off the ground is because the dreamer keeps it all to him or herself. If you want to achieve your dream, start to share it with others. Words have power, and the more we speak it out loud, the more it reinforces our own belief. Speaking our dream out loud holds us accountable in a unique way - to ourselves and to others! Accountability works, so share your plan of action with a few people who will continue to challenge you to completion. This is also the perfect time to invite others to help you accomplish your dream, since the best ideas are realized when people work together toward a common vision!

Planning is a very key step in the process to success. Your dream won't just happen on its own, it must take the form of a plan. You will need to think through each detail and create a strategy to achieve your dream, one step at a time. This is the perfect time to start making some 'To-Do' lists! Break your goals down into smaller, workable parts and set a time frame for accomplishing each task. As things develop, you will need to re-evaluate your plan on a regular basis. Set new goals or timelines and stick with them!

Sometimes your dreams take you to places you never imagined. Even with the best laid plans, you will be thrown curveballs and face obstacles you never anticipated. The best part of this stage is that you get to learn through experience, and it is important to improvise and adapt. Stay flexible and be open to what God wants to teach you along the way.

Plan for success, plan for failure, and always plan for the unexpected.

act five PUSH THROUGH IT!

While following your dreams, you will likely meet two new friends: success and failure. Both are equally valuable. Success is important because it lets us know that we are on the right track, and failure tells us that we need to fix something. Without one or the other, we would not have a clear path to move forward.

The problem is, most people are very afraid of failing. They believe that if they can't do something right now, then perhaps they will never be able to - so they never really try. Or they let a poor attitude get in the way of earnest effort. The truth is that things worth doing involve a real possibility of failing, or at least of significant hardship. Big goals often involve big risks OR big sacrifices. The main reason that many of us never take action on some of our biggest dreams is due to our fear of failing or of sacrificing our immediate comfort for something bigger down the road.

Don't give up when you make mistakes or when obstacles come your way. If the journey was easy, everyone on earth would have achieved their dreams by now! When you feel defeated and discouraged, KEEP GOING! You are stronger than you think you are, and better days are ahead. Success is often right on the other side of your comfort zone. You know you're close to your dreams when you're pushing through your troubles. Remember: the darkest time of night is right before the morning light.

Wouldn't it be great if we could quit before this one? The reality is, the successful are usually the hardest workers. They are the ones willing to work when others don't, or to go the extra mile (or more!) when it is not required.

Often, we just want to imagine ourselves on top, but we don't want to do the necessary climbing. It is easy to fall in love with an end result (like becoming a rock star), but do we actually love the process (such as practicing our instrument, writing songs, promoting the gigs, etc)?

Do you love your dream enough to commit to the daily grind, through the boring monotony, through highs and lows, ups and downs, the daily application and practice? Do you care when other people don't; do you stay consistent in good and bad times? To achieve your dreams, you must fall in love with the process. You cannot only love the highs, or you will never see it through the lows.

This step is about showing up and doing it over and over again. The Bible says in Matthew 7:7 to "Keep on seeking, and you will find. Keep on knocking, and the door will be opened to you (Matthew 7:7, NLT). Keep pursuing what the Lord has promised you, with consistent action steps. Remember that the Bible also says in James chapter 2, verse 26, that 'faith without deeds/works is dead'.

When you truly believe the Lord has given you something, knock on the door of opportunity when it presents itself, and don't stop until it has opened. Push toward the promise you have been given, in full faith that if you don't give up, the Lord will bring it to pass. Don't forget that you are part of the answer to your prayer. If you want what the Lord has for you, you have to go and get it.

act seven CELEBRATE & ENJOY IT!

This is the step that you have worked for! When you have reached your goal or achieved your dream, you deserve to celebrate it! In addition, be sure to not only bask in your achievements at the end, but celebrate the little wins along the way. Whether it is a small gain or a big victory, don't forget that it is so important to reward your progress and enjoy the journey. It will help you to stay positive by recognizing how much the effort you are putting in is paying off!

Remember to thank those who helped you achieve each success. This will help you keep a humble heart full of gratitude. While you're at it, think about what character traits you will need to stay at the top, and always practice love, joy, peace, patience, kindness, faithfulness, and gentleness. Success is clearly your companion, but don't forget the lessons that failure has brought.

Tomorrow, dream bigger, dream deeper, and don't forget how you feel today. Let this moment fuel you to achieve your biggest dreams yet.

Dreams provide feelings of purpose, but most importantly they can even change the world. When you seek God's plan for your life by pursuing the dreams He planted in your heart and mind, your life immediately has meaning. By chasing our dreams, we have the potential to positively impact those around us - our communities, our nation, and even our world, in a significant way.

If our dreams are placed in our hearts for a reason, then it is our individual responsibility to seek answers and to go after them. Your journey holds valuable treasures and difficult obstacles, but if it is your calling then it is worth it in the end.

With that in mind, perhaps a better question than "what would you do if you knew you could never fail' is 'what is truly worth doing, regardless of whether you fail or succeed?" As you consider that notion, perhaps you will find yourself one step closer to discovering your life's true passion and purpose!

A SPECIAL MESSAGE

RUBY, WE ARE ALL SO PROUD OF YOU! Vou've grown so much in the past year! Good luck and congrats your first year of danc

Love, Mom, Dad, Sadie, Grandma, and Papa

Alexandria,

We are so proud to be a part of your journey! God blessed you with such a special gift and it's amazing to watch what you are doing with it. Keep working hard sweet bird, we love you so much!! Mom, Dad, Grey and Beau

Anniston, We are so proud of you and how far you've come this year. Watching you do what you love and light up that stage is such a blessing. We hope you always do what makes you happy! We love you so much P! Love, Mom, Dad, and Harrison

Brinley,

From the age of 1 and a half to 18 years old your beautifully artistic dance ability has brought so much joy to our entire family. Dance not only transitioned you from a shy young girl to a confident, responsible and positive young lady, but also awarded you with lifelong friends, teachers, mentors and moms that will love and support you as you move forward in life. The saying goes "Life is not measured by the number of breaths you take but by the moments that take your breath away". You have certainly created those breathtaking moments for so many as we watched your dance performances. We love you, we are so proud of you and we look forward to following your dance journey with the University of South Carolina. Love, Mom and Dad

Ella~

Congratulations on another amazing year.

year. We are so proud of you and all of your accomplishments both on and off the dance floor. You are such an inspiration to us and everyone around you. We can't wait to see where your work ethic and faith takes you.

Love~ Dada and Mommie

We're so proud of the young lady that you have become and all your accomplishments. We are truly blessed to have you in our lives, and we wish you the most blessed and brightest future ever.

I pray that God Leads, guides, and protects you in your next chapter nd the following chapters of your life.

We Love you Baby Girl,

Mommy, Daddy, and Big Brother

Hannah,

Wow! Where have the years gone? Seems like yesterday we were registering a sweet, chubby cheeked, two year old little girl for her first year of dance. Fifteen years later, we are watching you compete for your last season. So many unforgettable memories. You have worked hard to achieve your goals, and now, you are on your way to dream new dreams. We are so proud of all your hard work!

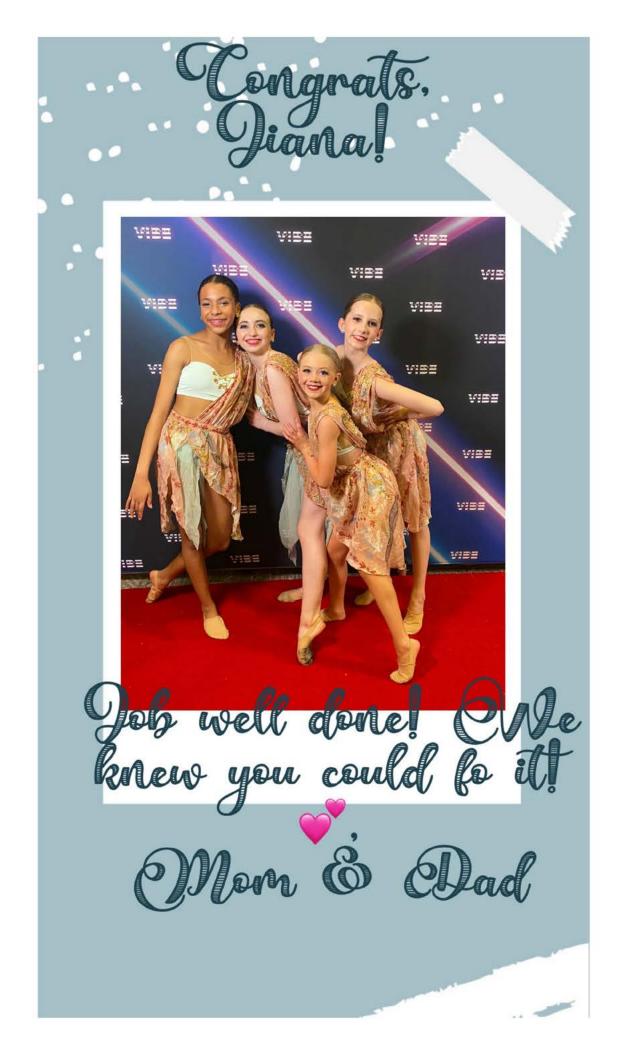

We love you! Mom, Dad, and Lucas

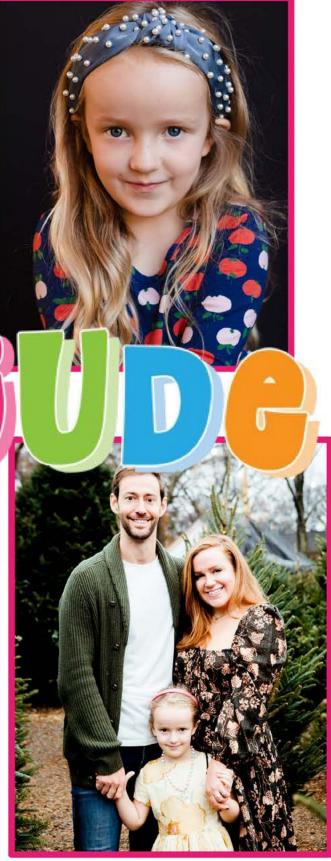

Keep shining smiling & dancing! We love you! Mom + Dad

Another year is in the books! We can't even begin to tell you how proud you make us. Your passion, maturity, and technique blows us away. You have so much self discipline and always put your whole heart into everything you do. You do everything with purpose and to glorify God. I'm so excited to see what God has planned for you. Stay humble and always be the best version of YOU! We love you so much! Love.

THANK YOU TO ALL OF SKYLER'S TEACHERS FOR ALWAYS BELIEVING IN HER AND PUSHING HER TO BE HER BEST!

We never knew that what we prayed for would be so perfectly delivered on December 27, 2003. Although the doctor said we were having a girl, we did not believe it until you were born. We

wanted to cuddle you, but you made it so difficult.

You were so independent, with our favorite phrase "I can do it." Watching God fulfill your destiny is by far the greatest thing we have ever done! WHAT SKY? You better fly High Babygirl!
