Showcase

May 26, 2023 | 5:30pm
Dale F. Halton Theatre, CPMC
Charlotte, NC

Dear Family & Friends,

It is with great pleasure and excitement that we welcome you to our 11th Anniversary Recital Showcase! This special event is an opportunity for us to come together as a community and celebrate the hard work and dedication of each Havilah Dance Company student. We are deeply grateful for your continued support over the years, and we hope that this showcase is a reflection of our appreciation. We look forward to celebrating with you and making this a night to remember!

Teachers and staff have been working tirelessly to ensure that this year's event is a truly memorable experience for all! From stunning choreography to dazzling costumes and everything in between, our dedicated team has put in countless hours to ensure that every detail is just right!

Dance offers a unique opportunity for self-expression, creativity, and personal growth in both athleticism and artistry. At HDC, we have always believed in nurturing both the talents of our students and their character, as we strive to guide them towards their full potential. Over the past 11 years, we have seen many young dancers grow and develop into skilled performers and beautiful humans. We are immensely proud not only of their achievements, but of who they are.

Season 11 is one we will never forget, and we would like to express our heartfelt gratitude to each parent and student for supporting us, believing in our vision, trusting the process, and encouraging us along the way. We are blessed and honored to invest in the next generation of creative leaders. We do not take this privilege lightly because, to us, each child is a future world changer.

Thank you to the wonderful parents and family members who work together

to make this dream a reality for their dancers. We understand that as parents, you have played an integral role in supporting your child's dance journey. You spend countless hours driving them to class and rehearsals, helping them perfect their routines, and cheering them on from behind the scenes. We recognize and appreciate the sacrifices you have made so that your child's passion for dance can continue to grow!

Additionally, this season seems to have brought no shortage of volunteers and for that we are deeply grateful! Prop dads and moms you are SO appreciated. Costume helpers and studio volunteers, we could NOT do this without you! Your commitment to the betterment of our community never goes unnoticed!

On behalf of our entire program, we are thrilled to share this day with you! It is the culmination of a year's worth of hard work for our staff and students, and we wait with expectant hearts for the curtains to open once again! If only for today, forget your worries and cares, and enjoy the talent and effort that each beautiful, young dancer will bring to the stage.

To all of our amazing students, whether this is your first recital and your heart is racing, or your very last recital met with bitter-sweet tears - we are here with you! Take the stage with confidence, grace, and poise and know that you have your HDC family standing behind you all the way. This is your moment, and you are breathtaking.

#hdcFAM

With all of our love

— Miss Brooke, Miss Brittany, Miss Gail, and the HDC Staff

Good Luck to The Class Of 2023

Seniors,

What a difficult thing it is to lose all ten of you at once; our largest graduating class ever! Each of you are beyond precious to us and are irreplaceable in our hearts, and in the hearts of all of us at HDC. We want to express our sincere gratitude for the privilege of working with such an exceptional group of students. We have had the pleasure of watching each of you grow, learn, and flourish in your own unique ways. You have demonstrated exceptional excellence, leadership, creativity, and resilience, and you have made a profound impact on our dance community.

Reflecting on our experiences together, it is difficult to find words that describe how much it means to us to stand with you on a recital stage as you take this final bow. As you embark on the next chapter of your lives, we want you to know that you have the skills, determination, and passion to achieve anything you set your minds to. You have proven time and time again that you are capable of great things, and we have no doubt that you will continue to make a positive difference in the world.

As tradition mandates, we must remind you that you are now counted among a rare set of individuals who stuck it out when others gave up. You may have wanted to quit - but you didn't. At the end of the day, that is truly all that matters. As you finish this leg of the race, remember that it is about the journey - the process along the way that shapes you; not the destination. You have shown that you love the process even when it is hard or doesn't make sense. We admire you!

As you celebrate your accomplishments, we encourage you to take time to reflect on all that you have learned and experienced during your time here. Remember the friendships you have made, the challenges you have overcome, and the lessons you have learned, and use these experiences to guide you as you move forward.

During this time of so many 'lasts', remember the end of one journey is only the beginning of the next. Allow the time we have shared together to propel you forward into a future more exciting than you could ever imagine. Of course there will be struggles and challenges along the way and it won't always be easy, but in dance as in life...it will be WORTH IT. We will always pray for each of you and we will forever believe in your potential to impact the world around you for good. You are each world changers and we can't wait to see how your future takes shape in the years to come.

As memories flash across our minds of EACH of you, and we look back on individual moments that shaped our futures, we understand that we have bonds with one another that can never be severed. You have each changed our lives in more ways than you could know, and we want you to know how truly valued and loved each of you are. With prayer and gratitude, we send you out into the next exciting chapter of your lives! May the Lord bless you and keep you, and guide you as you embark on what lies ahead! We love you!

Caroline Jade Barlow

Caroline Barlow will be graduating from A.L. Brown High School. Caroline was Co-Chair of the Kannapolis City Youth Council, a member of AP Academy, National Honor Society, Beta Club, A.L. Brown Junioresettes, and Link Crew. This fall she will be attending East Carolina University as a member of the Honors College and the ECU Dance Team. She intends to major in Public Health with a pre-health concentration.

Following in the footsteps of her older sisters, Caroline has danced competitively since the age of five. If you ask her what her favorite style of dance is, she will tell you "musical theater." But, ever since joining Havilah her love for contemporary has grown tremendously.

A note from Caroline

'No words can encapsulate my experience at Havilah Dance Company. The saying "no friends are like your dance friends," is absolutely true. The relationships I have made while dancing at Havilah are truly special, and I will carry them with me wherever I go.

To my team, thank you for supporting me, inspiring me, and pushing me to be a better teammate. A piece of advice I have for all of you is to not take the time you have with each other for granted. You can dance anywhere, anytime, but you will never get to dance beside one another like you are right now. I have tried to soak in every moment this year. Please know that when I step off the stage at Nationals this year, I will be leaving Havilah missing a piece of my heart. A piece that will remain with all of you. To the HDC Staff, thank you for continuing to push me to be not only a better dancer, but a better person. The lessons I have learned, for dance and for life, are extremely valuable and I will never forget them. Thank you! To my parents, no amount of thank you's could do you justice. I know how much you have sacrificed to get me here today, and I am endlessly grateful. I love you so much, and I know I haven't said thank you enough, so thank you!

Kalli Renee Desai

Kalli will be graduating from Nation Ford High School. She will be attending the University of South Carolina in the fall and is majoring in public relations, Kalli has been dancing for 14 years and can't imagine life without it.

After graduating from Covenant Day High School, MC is so excited to attend Clemson University where she will major in Chemical Engineering. Mary Claire has LOVED dancing since she was 2 years old. Her favorite style of dance is lyrical because of the freedom to create a story through graceful movements. Her dream job is to be a background dancer for Taylor Swift :) Dance has taught her so much that has overflowed into other parts of her life, especially the value of hard work, dedication, and perseverance!

A note from Mary Claire-

"Thank you to my parents for being so supportive over the past 16 years and to my teammates who have made this year extra special! I am so grateful for my year at Havilah!"

Vivian Mary Haller

Vivian Haller is graduating from North Carolina Cyber Academy. She will be attending the University of South Carolina this fall as a Capstone Scholar and plans to double major in biochemistry and dance with a minor in Spanish. Vivian has been dancing for 8 years. She enjoys all styles of dance, but her favorites are ballet, contemporary, and jazz.

A note from Vivian-

"To my team, thank you so much for always inspiring me to be the best version of myself. You are all so beyond talented, and I could literally watch you all dance for hours!! I also want to give a BIG thank you to the HDC staff for being the best teachers ever and working so hard each season to help all of us improve! It has truly been such a privilege to dance and learn with you all. These past 3 years at HDC have been some of the best years ever, and I have truly made friendships that will last a lifetime! Kennedi Anastasia Mack

Kennedi Anastasia Mack is graduating from Trinity Preparatory School, May 2023. After receiving her high school diploma, she plans to attend North Carolina Agricultural and Technical State University (NC A&T) in Greensboro, NC. Kennedy will be majoring in Business and Dance.

Kennedi began dancing at the age of 6 years old. Kennedy first fell in love with dance from watching her uncle, an American Ballet Dancer, Brooklyn Mack, previously with American Ballet Theater and The Washington Ballet. Twelve (12) years later, Kennedy continues to love dancing and the style of ballet with Michaela DePrince being the ballerina she strives to emulate.

Kennedi's past years at Havilah Dance Company have been a time of development and education in the arts in which Miss Brittany and all her other teachers have pushed, equipped, and educated her and other aspiring dancers to use proper technique and to use creativity and soul. Kennedy is renowned by her peers for her proficiency in her ballet, technique and leg extensions.

Kennedi lives by the affirmation that "through the power of my thoughts and words incredible transformations are happening in me and within my life right now." Every time that Kennedy dances she turns into a better version of herself. Kennedy's overall faith in God, strength in family and genuine love for all is sure to aid her in her ability to turn into the best version of herself and assure that she accomplishes all she aspires, not just today but tomorrow and the years ahead.

Natalie Paige Vimislik

Natalie will be graduating from Porter Ridge High School and plans to attend Coastal Carolina University in the fall. Her love of the stage will continue as she works toward completion of a B.F.A Theatre Arts - Design and Production degree. A recital performance of a friend inspired Natalie and was the beginning of her journey through dance. She has always enjoyed the outdoors and movement through music. Now Natalie will be closing out her 13th year of dance. She would tell you that tap was her first love if asked; however, over time both contemporary and lyrical became a passion.

A note from Natalie-

"To the future graduates, please don't take any of this experience for granted. Hold on to the memories you will make with your studio friends and family. This all goes by so fast and before you realize it, you will be headed in to the next chapter of your life. I have loved every single moment spent at Havilah Dance Company. Each of you have become extended family and I do not want this experience with you to end. I can not wait to see what HDC will be able to accomplish next. Napoleon Hill said, "cherish your visions and your dreams as they are the children of your soul, the blueprints of your ultimate achievements."

To the staff at Havilah Dance Company, thank you for everything! Each of you inspired confidence and motivated me to be at my very best. On a daily basis you reinforced my love of dance and encouraged me to step outside my comfort zone. These are lessons that I will carry with me as I now step forward into my future. I am extremely proud of what I have been able to accomplish while at HDC. I will be forever grateful!

Lacey Victoria Depin

Lacey will be graduating from Central Academy of Technology and Arts. After a gap year due to medical reasons, she will be attending the University of North Carolina at Wilmington in the Fall of 2024 studying psychology. After taking an AP psychology course the second semester of her junior year of highschool, she has always found human behavior fascinating. She has been dancing for 14 years. Contemporary, lyrical, and musical theatre are her favorite styles of dance, but enjoys performing all styles of dance.

A note from Lacey-

"The last few years at Havilah have been a wonderful part of my life. I am so sad to say goodbye, but so excited to see what the future holds for me and the studio. I would like to thank my team for always supporting me and pushing me to be the best I can be.

For my team, I loved dancing with you for the past 5 years. I will cherish the memories we have made together forever. This team will always have a special place in my heart. I wish for you to not doubt yourself, and know that it is ok to have bad days. I have had multiple bad days in a row and felt like I couldn't see the light at the end of the tunnel. You will make mistakes but you must learn from them and push through. Trust me on this, if you believe in yourself and manifest, you will accomplish your goals. I love you and wish you good luck."

Samantha Blake Foppe

Samantha Foppe will be graduating from Porter Ridge High School. Sam is in the top 5% of her class, Varsity Cheer captain, Student Council member and Special Needs Peer tutor. She will be attending the University of South Carolina in the Arnold School of Health, where she plans to study exercise science with a concentration in Physical Therapy. She hopes to become a pediatric physical therapist in a Children's Hospital, and someday help children who are recovering from surgeries just as Sam was helped after her Spinal Fusion surgery. She has competed in dance since the age of 4, but took a few years off after her surgery. Lyrical and contemporary are Sam's favorite genres, but she truly loves all elements of dance.

A note from Sam-

Samantha says, "To my teammates and HDC family- even though this was my first and last season here, you guys have been the most welcoming, understanding, and supportive family ever. Every single dancer is incredibly talented and all have very bright futures. Never take any moment for granted, whether it is a huge competition or a regular class. It flies by faster than you realize. This past year has been the most amazing experience and I have never felt so loved and honored to be part of such an awesome program. Thank you to all staff and teammates for making HDC a forever second home!"

Brianna Mary Pirro

Brianna will be graduating from Hough High School in June. Brianna has always wanted to be a doctor. For her 10th birthday she asked us for a medical dictionary! She will be attending Appalachian State University majoring in Biology - with plans to move on to premed. Brianna has been dancing for 16 years. She has made many good friends along the way. Her family is looking forward to seeing what the future has in store for her.

A note from Brianna-

"In the 4 years I have been at Havilah I'm happy to say that I've grown so much as a dancer and gained so many friendships that I hold close to my heart. I don't think I could ever thank Havilah and the staff enough for all the knowledge, life lessons and commitments they have given me. You guys' rock!"

"To my team - I would like to say how proud I am of all of you. We all work so hard and kick butt, so I hope you all are proud of yourselves as well. There is so much talent in all of you and I can't wait to see all of your accomplishments as time goes on."

Presenting

Ever After

An Ode To Princes & Princesses Everywhere

Once upon a time, in a magical kingdom nestled deep in the heart of an enchanted forest, there lived princes and princesses of all kinds. There were courageous and adventurous ones, joyful and kind ones, intelligent and graceful ones, and those with a humble heart. Each had their own unique talents and abilities, and they used their gifts to work together, ruling their land with love and respect for their subjects and each other!

In this special realm, where all sorts of royals roamed, the brave and adventurous ones loved nothing more than exploring the kingdom and discovering new wonders. They were fearless and bold, always ready to take on any challenge that came their way.

The intelligent ones spent their days studying, creating, and learning new things. They were known for their wisdom and were always looking for ways to improve their kingdom and make life better for their people.

There were also the joyful ones who were full of positivity and energetic charm. They were known for their ability to make anyone who met them feel at ease, and were loved by all who knew them. And there were the kind and humble ones, who cared deeply about their neighbors and always put them first. The kingdom was also home to the graceful ones who were admired by all. They could dance the night away, delighting all of their friends with their poise and skill.

All of these royals may have had different personalities and strengths, but they had one thing in common - they each had the hearts of true princes and princesses. And so, the kingdom continued to prosper under their rule, where each leader worked together to create a peaceful and happy land.

Tonight, we celebrate the values and virtues of these royal characters who have captured the hearts and imaginations of people across cultures and generations. Tales like this one, of brave and noble princes, and wise and compassionate princesses, serve as examples of the qualities that are valued in leaders, and inspire us to strive to embody these virtues in our own lives.

Ladies and gentlemen, without further ado, allow us to re-introduce you to a few of the most cherished regal figures you know and love. Join us in welcoming those beloved characters to the stage as we celebrate the distinctive attributes and enduring legacies of princes and princesses everywhere. . .

Act 4 *The Intelligent Ones*

Intelligence comes in all shapes and sizes! These princes and princesses are often highly motivated, curious, and enjoy learning and problem-solving.

The intelligent ones are sometimes studying very hard in school, and other times they are out creating new things! Intelligent royals have a range of talents and abilities, and possess a natural curiosity that drives them to explore and understand complex ideas and concepts. They tend to think outside the box, create new ideas, and approach problems in innovative ways. They have a unique perspective of the world around them and are often able to see possibilities where others do not.

It is important to note that intelligence is not limited to traditional measures

such as IQ. While you will often find the Intelligent ones ruling in academic pursuits, they also flourish in fields such as writing, music, dance and other arts!

Emotional intelligence, social intelligence, and creativity are important components of intellect that contribute to a prince or princesses ability to succeed and thrive. Intelligence is not restricted to any particular personality type, and these royals may come from a wide range of backgrounds and experiences.

Intelligence princes and princesses are special because they bring a unique perspective and energy to the world around them, pushing boundaries and inspiring others to think differently.

Act 5 *The Graceful Ones*

Graceful princes and princesses are those who possess a natural elegance, poise, and fluidity in their movements and demeanor. Their mannerisms are smooth and how they present themselves to others seems nothing short of beautiful.

These graceful royals often have a deep understanding of body language and non-verbal communication. They move with purpose and intention, yet their movements appear effortless and natural. They are able to navigate social situations with ease and are skilled at putting others at ease as well.

The Graceful ones are often highly respected and admired by others, as their presence has a calming and soothing ef-

fect on those around them. They are able to bring a sense of elegance and refinement to any situation they find themselves in.

While gracefulness is often associated with physical movements, grace can also be perceived in speech and actions. Graceful ones are often highly articulate and able to communicate their thoughts and ideas with clarity and precision.

The graceful princes and princesses are special because they bring a sense of beauty and harmony to the world around them. They are able to move and interact with others in a way that is both effortless and impactful, leaving a lasting impression on those they encounter.

Act 6 *The Adventurous Ones*

The adventurous ones are those who thrive on exploration, discovery, and excitement. They possess a strong desire for new experiences and are always seeking out challenges and opportunities.

The adventurous ones have a natural curiosity and a thirst for knowledge. They are not content with staying in their comfort zone and are always pushing themselves to take risks.

These princes and princesses are often open-minded and flexible, able to adapt to new situations and environments with ease. They are not afraid of the unknown and are willing to embrace uncertainty and change.

The adventurous ones are also resilient and resourceful. They are able to think on their feet and find creative solutions to unexpected problems or challenges.

The adventurous ones are special because they inspire others to break free from the status quo and explore the world around them. They remind us that life is full of possibility and that there are always new things to discover. Their free spirit encourages us to be bold, take risks, and embrace new experiences in order to truly live life to the fullest.

Act 7 *The Not-so-nice-ones*

If you thought this kingdom was devoid of the bad guys.. then think again! Everyone has a bad day, but the not-so-nice ones seem to find them more often and can usually be found dealing them out to their unsuspecting acquaintances!

While it is important to acknowledge that not every royal may possess each positive quality or trait, these individuals exhibit behaviors that are unpleasantly the opposite, and even harmful towards others.

These princes and princesses, if we must call them that, tend to demonstrate a lack of empathy or concern for the well-being of those around them, and often prioritize their own interests above all else. You will usually find them engaging in manipulative or deceitful behavior in order to get what they want.

The not-so-nice-ones may also be aggressive or hostile towards others, using intimidation or violence to exert control over those around them. They may bully or belittle others, seeking to as-

sert their dominance or superiority.

For a lack of a better word, these villains can be cunning masterminds, ruthless enforcers, or they may simply enjoy causing chaos and destruction. They are often motivated by selfish or malicious desires, and will go to great lengths to achieve their goals, even if it means hurting others in the process.

It is important to note that while the behavior of these royals may stem from a variety of factors, including past experiences, environmental influences, and personal beliefs, it does not excuse their actions or behaviors. Even though we may want to empathize with them or seek connection, it is also important to set boundaries to protect ourselves from any potentially damaging interactions.

Overall, the behavior of the not-so-nice-ones serves as a reminder of the darker aspects of human nature, and the dangers that can arise when individuals prioritize their own desires over the well-being of others.

Act 8 *The Humble Ones*

Humble princes and princesses are royals who possess a modest and unassuming nature. They tend to downplay their achievements and accomplishments, and are often more interested in acknowledging the contributions of others.

Humble royals demonstrate a high degree of self-awareness and are able to recognize their strengths and weaknesses. They do not seek attention or praise for their actions, and are often content to work behind the scenes to support others.

Those special princes and princesses who possess humility tend to be open-minded and willing to learn from others. They are not threatened by differing opinions or perspectives and are often willing to collaborate and work with others to achieve a common goal. They are highly respected by their peers, as they are seen as approachable, down-to-earth, and genuine. They are able to build strong relationships with others based on mutual trust and respect.

While humility can be associated with a lack of confidence, humble royals are usually highly skilled and accomplished.

They are able to recognize and rely on the contributions of others because they see themselves as part of a larger team or community. They are open to learning from others and acknowledging that they don't have all of the answers. This key trait allows them to continually improve and develop new skills and knowledge.

Humble princes and princesses tend to be better able to handle criticism and setbacks because they don't have an inflated sense of their own importance. This makes them more resilient in the face of challenges and allows them to bounce back more quickly.

The princes and princesses who possess humility are special because they bring a sense of balance and perspective to the world around them. They are able to recognize the achievements of others while contributing their own unique skills and talents to the collective effort. They are advocates of understanding and empathy, and are quick to take responsibility for their own mistakes and shortcomings, which allows them to be a huge asset to the kingdom as whole.

As the years passed, the princes and princesses of the kingdom grew old and passed on their duties to their children and grandchildren. But the spirit of kindness, bravery, joy, adventure, grace, humility and wisdom that defined their kingdom never faded. And so, for centuries to come, their community continued to be a shining example of what a true kingdom should be. Because of this, they all lived happily *Ever After*, with their special kingdom remaining a beacon of hope and inspiration for all who would follow in their footsteps.
